BESTSELLER*

*INSTANT #1

INDIE

BESTSELLER*

From the New
York Times

bestselling author
of Red, White &
Royal Blue comes
a new romantic
comedy that will
stop readers in
their tracks... For

Page 2/100

2016-qu-bec-blue-cross

cynical twenty-
three-year-old
August, moving to
New York City is
supposed to prove
her right: that
things like magic
and cinematic love
stories don ' t
exist, and the only
smart way to go
through life is
alone. She can ' t

Page 3/100

2016-qu-bec-blue-cross

imagine how
waiting tables at a
24-hour pancake
diner and moving
in with too many
weird roommates
could possibly
change that. And
there ' s certainly
no chance of her
subway commute
being anything
more than a daily

Page 4/100

trudge through
boredom and
electrical failures.
But then, there ' s
this gorgeous girl
on the train. Jane.
Dazzling,
charming,
mysterious,
impossible Jane.
Jane with her
rough edges and
swoopy hair and

Page 5/100

2016-qu-bec-blue-cross

soft smile,
showing up in a
leather jacket to
save August ' s
day when she
needed it most.
August ' s subway
crush becomes
the best part of
her day, but
pretty soon, she
discovers there ' s
one big problem:

Page 6/100

Jane doesn ' t just look like an old school punk rocker. She ' s literally displaced in time from the 1970s, and August is going to have to use everything she tried to leave in her own past to help her. Maybe

Page 7/100

it ' s time to start
believing in some
things, after all.

Casey

McQuiston ' s One
Last Stop is a
magical, sexy, big-
hearted romance
where the
impossible
becomes possible
as August does
everything in her

Page 8/100

2016-qu-bec-blue-cross

power to save the
girl lost in time.

"A dazzling
romance, filled
with plenty of
humor and heart."

- Time Magazine,
"The 21 Most
Anticipated Books
of 2021" "Dreamy,
other worldly,
smart, swoony,
thoughtful,

Page 9/100

hilarious - all in
all, exactly what
you'd expect from
Casey
McQuiston!" -
Jasmine Guillory,
New York Times
bestselling author
of The Proposal
and Party for Two
Combines the
poet's out-of-print
works from eight

Page 10/100

2016-qu-bec-blue-cross

previous books
with a suite of
new poems
Relates the story
of Pecola
Breedlove, an
eleven-year-old
Black girl growing
up in an America
that values blue-
eyed blondes, and
the tragedy that
results from her

an astonishing
discovery in the
woods after her
husband's murder, a
discovery that she
will go to incredible
lengths to protect
Canadians are deeply
worried about wait
times for health care.*

Entrepreneurial

Page 14/100

doctors and private clinics are bringing Charter challenges to existing laws restrictive of a two-tier system. They argue that Canada is an outlier among developed countries in limiting options to jump the queue. This book explores

Page 15/100

whether a two-tier model is a solution. In Is Two-Tier Health Care the Future?, leading researchers explore the public and private mix in Canada, Australia, Germany, France, and Ireland. They explain the history and

Page 16/100

complexity of interactions between public and private funding of health care and the many regulations and policies found in different countries used to both inhibit and sometimes to encourage two-tier care, such as tax

Page 17/100

breaks. This edited collection provides critical evidence on the different approaches to regulating two-tier care across different countries and what could work in Canada. This book is published in English.

Poems explore

Page 18/100

*scientific research,
the author's health
problems, and other
topics ranging from
shiplifting to Viagra.
Devil in a Blue Dress,
a defining novel in

**First published in
1984, this book
examines corporate
crime in the
pharmaceutical
industry. Based on
extensive research,
including interviews
with 131 senior**

Page 23/100

2016-qu-bec-blue-cross

**executives of
pharmaceutical
companies in the
United States, the
United Kingdom,
Australia, Mexico and
Guatemala, the book is
a major study of white-
collar crime. Written
in the 1980s, it covers
topics such as
international bribery
and corruption, fraud
in the testing of drugs**

Page 24/100

2016-qu-bec-blue-cross

and criminal negligence in the unsafe manufacturing of drugs. The author considers the implications of his findings for a range of strategies to control corporate crime, nationally and internationally. There is no one-size-fits-all decentralized fix to deeply divided

Page 25/100

and conflict-ridden states. One of the hotly debated policy prescriptions for states facing self-determination demands is some form of decentralized governance - including regional autonomy arrangements and federalism - which grants minority groups a degree of self-rule.

Page 26/100

Yet the track record of existing decentralized states suggests that these have widely divergent capacity to contain conflicts within their borders. Through in-depth case studies of Chechnya, Punjab and Québec, as well as a statistical cross-country analysis, this book argues that while policy, fiscal

Page 27/100

approach, and political decentralization can, indeed, be peace-preserving at times, the effects of these institutions are conditioned by traits of the societies they (are meant to) govern. Decentralization may help preserve peace in one country or in one region, but it may have just the opposite effect

Page 28/100

**in a country or region
with different ethnic
and economic
characteristics.**

**In 3525, with the
threat of people
learning they have
dodged their
deathdays, three
teenagers must flee
their planet to survive.**

F.L.Q.

Early & New Poems

**A Reality Check on
Canada's Schools**

Contributed by
leading scholars of
Quebec Studies,

Page 30/100

both emerging and established, the 30 essays of this comprehensive collection offer a multidisciplinary survey of the study of diversity in Quebec over space and time. The volume is organized around a variety of themes through which Quebec_s

plural reality is expressed, including conceptual, historical and contemporary approaches, covering a wide range of social and economic cleavages, identity markers, political contestation and, broadly, the lived

experiences of
Quebecers
negotiating differ-
ence over time. In an
environment
increasingly
demarcated by
conflicts around
values and cultural
and social practices,
this collection
hopes to contrib-
ute to broadening
the spectrum of

Page 33/100

voices to the current debate, adding an inclusive reflection to a conversation that has only intensified over the last decade. Quebec as a plurinational and multi-ethnic society has been and remains a great laboratory to study and to test public policies on

ethnic diversity. It allows us to identify the tensions and to evaluate the balance between the majority and the minority; and between settler society and indigenous nations, in conceptualizing and finding a normative consensus around the

Page 35/100

configuration of collective rights. In short, the contributions in this volume seek to illustrate how pluralism has and continues to constitute the lifeblood of belonging in Quebec.

Roland is drawn through a gateway of time and space

Page 36/100

2016-quebec-blue-cross

into the drug-and-crime-ridden world of the twentieth-century to battle a dark power determined to prevent his search for the Dark Tower. Twelve stories explore the borders between black and white America as they are crossed and known by

Page 37/100

students and Peace Corps volunteers of the 1960s, failed preachers, young punks, jealous lovers, and others Over the last fifty years, Canada's public schools have been absorbed into a modern education system that functions much like Max Weber's

Page 38/100

infamous iron cage.
Crying out for
democratic school-
level reform, the
system is now a
centralized,
bureaucratic
fortress that, every
year, becomes
softer on standards
for students, less
accessible to
parents, further out
of touch with

Page 39/100

communities, and surprisingly unresponsive to classroom teachers. Exploring the nature of the Canadian education order in all its dimensions, *The State of the System* explains how public schools came to be so bureaucratic, confronts the critical

Page 40/100

issues facing kindergarten to grade 12 public schools in all ten provinces, and addresses the need for systemic reform. Going beyond a diagnosis of the stresses, strains, and ills present in the system, Paul Bennett proposes a bold plan to re-

Page 41/100

engineer schools on a more human scale as the first step in truly reforming public education. In place of school consolidation and managerialism, one-size-fits-all uniformity, limited school choice, and the "success-for-all" curriculum, Bennett advocates for a new

Page 42/100

2016-qu-bec-blue-cross

set of priorities:
decentralize school
governance,
deprogram
education ministries
and school districts,
listen to parents and
teachers, and
revitalize local
education
democracy. Tackling
the thorny issues
besetting
contemporary

Page 43/100

school systems in
Canada, The State of
the System issues a
clarion call for more
responsive,
engaged, and
accountable public
schools.

This is the first quantitative treatment of elementary particle theory that is accessible to undergraduates. Using a lively, informal writing style, the author

Page 69/100

2016-qu-bec-blue-cross

strikes a balance
between
quantitative rigor
and intuitive
understanding.
The first chapter
provides a
detailed historical
introduction to
the subject.
Subsequent
chapters offer a

consistent and
modern
presentation,
covering the
quark model,
Feynman
diagrams,
quantum
electrodynamics,
and gauge
theories. A clear
introduction to

Page 71/100

2016-qu-bec-blue-cross

the Feynman rules, using a simple model, helps readers learn the calculational techniques without the complications of spin. And an accessible treatment of QED

Page 72/100

2016-qu-bec-blue-cross

shows how to
evaluate tree-level
diagrams.

Contains an
abundance of
worked examples
and many end-of-
chapter problems.

The first volume
in the HPNA
Palliative Nursing
Series, Structure

Page 73/100

and Processes of
Care provides an
overview of
palliative nursing
care, reviews
National
Consensus Project
guidelines, and
offers tools for
initiating and
maintaining
palliative care

Page 74/100

programs. The content of the concise, clinically focused volumes in the HPNA Palliative Nursing Manuals series is one resource for nurses preparing for specialty certification exams and

Page 75/100

2016-qu-bec-blue-cross

provides a quick-reference in daily practice. Plentiful tables, figures, and practical tools such as assessment instruments, pharmacology tables, and patient teaching points make these

volumes useful
resources for
nurses.

During the late
1950s, David
Meltzer was an
active poet in the
San Francisco
North Beach
scene often
reading with jazz
musicians at

Page 77/100

2016-qu-bec-blue-cross

various bars and
coffeehouses.
Beat Thing is part
poetry and part
exposé, both
tribute to the
down in the street
wildness and rant
against the
romantic
commodification
which surrounds

Page 78/100

2016-qu-bec-blue-cross

the Beat
Generation.
Invoking real
people as real
history, Meltzer
takes aim at the
fantasy which
Beat has become
and juxtaposes
simultaneously its
still-needed
legacy. He brings

Page 79/100

forth the original
spirit of Beat in an
encyclopedic
cascade of details
whose dense,
deep, fierce,
funny, raucous,
free-associative
jazz energy
infuses every line.
This is a grizzled
hipster vision

Page 80/100

2016-qu-bec-blue-cross

looking back at a
period where the
beast of war from
Auschwitz to H-
bomb to Joe
McCarthy
prevailed side-by-
side with a
cultural
complacency
while a wide-
ranging

Page 81/100

constellation of
writers and artists
refused its
numbing protocol.
Beat Thing rises
up as an ecstatic
chant of defiance
and celebration.
David Meltzer is
the author of
many volumes of
poetry, including

Page 82/100

The Clown, The
Process, Yesod,
Arrows: Selected
Poetry,
1957-1992, and
No Eyes: Lester
Young. He has
also published
fiction, including
The Agency
Trilogy, Orf,
Under, and book-

Page 83/100

2016-qu-bec-blue-cross

length essays,
including Two-
Way Mirror: A
Poetry Notebook.
He has edited
numerous
anthologies and
collections of
interviews,
including The
Secret Garden: An
Anthology in the

Page 84/100

Kabbalah; Birth:
Anthology of
Ancients Texts,
Songs, Prayers,
and Stories;
Death: Anthology
of Texts, Songs,
Charms, Prayers,
and Tales;
Reading Jazz;
Writing Jazz; and
San Francisco

Page 85/100

2016-qu-bec-blue-cross

Beat: Talking
With the Poets.
His musical
recordings
include Serpent
Power and Poet
Song "How easily
narrative falls into
place, realizes
itself through a
story-telling
historian who sets

Page 86/100

2016-qu-bec-blue-cross

out to frame a
tangled constantly
permutating
chaos into a
familiar &
repeatable story
w/out shadows or
dead-ends; how
impulsively
memory organizes
into a choir to tell
a story of what it

Page 87/100

2016-qu-bec-blue-cross

remembers
symphonically,
i.e., formally; even
experimentalists
practice w/in or
against forms that
have formed their
relationship to
writing & telling
stories; history is
the story of
writing"--Epilogue

Page 88/100

from Beat Thing
M. J. Eberhart,
aka the
Nimblewill
Nomad, was a
60-year-old
retired doctor in
January 1998
when he set off on
a foot journey that
carried him 4,400
miles (twice the

Page 89/100

length of the
Appalachian Trail)
from the Florida
Keys to the far
north of Quebec.
Written in a vivid
journal style, the
author
unabashedly
recounts the good
(friendships with
other hikers he

Page 90/100

2016-qu-bec-blue-cross

met), the bad
(sore legs, cutting
winds and rain),
and the godawful
(those dispiriting
doubts) aspects of
his days of
walking along
what has since
become known as
the Eastern
Continental Trail

Page 91/100

(ECT). An amazing tale of self-discovery and insight into the magic that reverberates from intense physical exertion and a high goal, Eberhart's is the only written account of a thru-

Page 92/100

2016-qu-bec-blue-cross

hike along the
ECT. Covering 16
states and 2
Canadian
provinces, Ten
Million Steps
deftly mixes
practical
considerations of
an almost
unimaginable
undertaking with

Page 93/100

the author's
trademark humor
and philosophical
musings.
