

Academic Procrastination Among College Students With

Between 80 and 95 percent of college students procrastinate, according to the American Psychological Association. However, Josh Wede, an associate teaching professor of psychology at Penn State, said procrastination isn't just a problem for students — but for all people.

**PROCRASTINATION AND THE COLLEGE STUDENT
2 Introduction Procrastination and the college student seem to go hand in hand. At the beginning of a new semester, nearly every**

student makes the goal of finishing work on time, doing his or her best, and making good grades. In reality, most students put off the work until the last minute.

Although prior research has considerably documented the prevalence and correlates of academic procrastination in college students, relatively little is known about the role of longer volitional processes of goal striving, such as grit, on academic procrastination; moreover, the knowledge about direct and interactive effects of social context and personal characteristic on facilitating grit, which in turn mitigate academic

procrastination, are still underexplored. with 150 undergraduate college students in Turkey, 38% procrastinated when writing a term. paper 56% reported procrastination when studying for an exam, and 39% procrastinated on. completed reading assignments. Very few studies have investigated procrastination on academic tasks with high school.
