It's called the blockchain. The first generation of the digital revolution brought us the Internet of information. The second generation—powered by blockchain technology—is bringing us the Internet of value: a new, distributed platform that can help us reshape the world of business and transform the old order of human affairs for the better.

Blockchain Revolution: Don Tapscott, Alex Tapscott, Jeff ...
This is a great "vision" book for understanding what blockchain technologies (shared immutable ledgers, smart contracts, cryptocurrencies, etc.) can do for us as a society. The authors cover reinventing business, governments, commerce, etc. very well via blockchain-enabled efforts. The discussions are deep enough to be genuinely thought-provoking.
