Eurasian Crossroads: A History of Xinjiang by James A ...

'Eurasian Crossroads is a highly readable history of this vast and crucial region, where China's high-speed development drive collides with the aspirations of Muslim communities for national identity and cultural preservation. James Millward skillfully weaves all the different strands of Xinjiang's complex history into the colorful tapestry of his book, which is set to become the definitive reference on Xinjiang for laymen and scholars alike.'

Xinjiang only seems to make the news when Uyghur-Han relations deteriorate to the point of violence, but the region is one of the crossroads of the world, with a fascinating geography and history. In Eurasian Crossroads Millward traces this from prehistory, through struggles between Chinese and Turks and Arabs, Islamisation, and incorporation into China – as the province of Xinjiang, as a frontier region facing Russia, and as a key part of China's engagement with Central Asia and the world.
