*"While many Westerners are familiar with the Europe of the "Dark Ages," far fewer understand what daily life was like in the thriving Islamic world during the same period. Daily Life in the Medieval Islamic World reviews major historical and cultural events while explaining the more personal details of daily life, such as the role of camels, housing arrangements, and entertainment.*

*Far from being a once-a-week kind of faith, Islam is more of an all-encompassing lifestyle than just one part of life. Islam's holy texts, including the Quran and the Hadith, include guidance and direction for virtually every aspect of life, from socializing to praying. The daily life of a Muslim is heavily influenced by the words of Allah and the prophets.*

The substantially revised and updated third edition of *Everyday Life in the Muslim Middle East* focuses on the experiences of ordinary men, women, and children from the region. Readers will gain a grassroots appreciation of Middle East life, culture, and society that recognizes the impact of wars and uprisings as well as changes to Islamic practice due to advances in technology.
