

Human Resource Management

Human Resource Management (HRM) is the process of managing people in organizations in a structured and thorough manner. HR manager is responsible for managing employee expectations vis-à-vis the management objectives.

Organisations need to be strategically managed if they are to survive conditions of global competition and continual environmental change. It is increasingly recognised that the quality of an organisation's human resources and the way they

are managed are major factors in its ability to gain and sustain competitive advantage.

Human Resource Management BSc (Hons) Full-time at ...

Almost half of human resource management graduates are employed in the business, HR and financial sector six months after they graduate, with more than a third working as human resources and industrial relations officers. 16.4% are in secretarial positions and 8.5% become managers. Just over a tenth undertake further study.
