Destiny places “knowledge” among the priorities of my work. This text, the fifth in a series, is dedicated to what some Masters of Light of a high level have been transmitting to me for several years. It represents a chapter of my voyage into

*knowledge; a
knowledge that comes
from a wider vision of
worldly things than
that which is normally
available to man. This
book talks about crop
circles, of the fact that
they are messages
and how I was taught
to interpret them. I
also argue against
current opinions about
who makes them and*

Page 3/95

why and how they are made. The story then goes on to the interpretation of a specific circle at Bagnaria Arsa, that was made recently in Friuli, Italy, the region where I live. Its message establishes the entry into a phase of great transformation that man of our time is facing. I describe this

Page 4/95

transformation and the consequences it will have on humans and life on Earth. Finding that after a period of “demanding” change, as all changes are, a new man will inhabit the Earth, a man endowed with greater emotional balance and with additional powers.

Here are the complete
prophecies of
Nostradamus.
Nostradamus is the

best known and most accurate mystic and seer of all times.

There are those who say that he predicted Napoleon and even the attack on the World Trade Center. Read the prophecies and judge for yourself. In a 1950 conversation at Los Alamos, four world-class scientists

Page 30/95

generally agreed,
given the size of the
Universe, that
advanced
extraterrestrial
civilizations must be
present. But one of the
four, Enrico Fermi,
asked, "If these
civilizations do exist,
where is everybody?"
Given the fact that
there are perhaps 400

million stars in our Galaxy alone, and perhaps 400 million galaxies in the Universe, it stands to reason that somewhere out there, in the 14 billion-year-old cosmos, there is or once was a civilization at least as advanced as our own. Webb discusses in detail the

50 most cogent and
intriguing solutions to
Fermi's famous
paradox.

Telos - Volume 3

This graphic novel is set in Italy in 2048.

Raniero is a fifty-something psychologist whose marriage is failing. In the sky, strange bright triangles appear, bearing mysterious messages from an extraterrestrial civilization. Dora, his

Page 34/95

young patient, is part of the "New" Convention, a movement of young people preaching free love and alternative models to coupling and family. She declares that her telepathic abilities can parse the signal a warning of some kind. Initially skeptical, Raniero ' s

curiosity and attraction grows. The Interview is a science fiction novel that eschews the stars in favor of the delicate, fragile, interior world of human emotion.

"Italian Futurist Poetry" contains more than 100 poems (both Italian and English versions) by sixty-one poets from

across Italy.

Panorama

Dal 1947 si parla di UFO, anche se il fenomeno si era manifestato già in passato. Fin dall'inizio se ne era compresa la natura oggettiva, tecnologica, intelligente ed estranea. Ma la inquietante prospettiva di una sua natura

Page 80/95

extraterrestre, vista
come profondamente
destabilizzante per
l'opinione pubblica, ha
fatto sì che a dispetto
di evidenze palesi il
fenomeno venisse
minimizzato, deriso e
contestato dalle
Autorità. Gestendolo
nella logica propria
dei Servizi di intel-
ligence, nella migliore

delle ipotesi si è
cercato di attribuirlo a
sperimentazioni
militari segrete e si è
sistematicamente
proceduto a sequestrarlo
e insabbiarlo, anche
mediante orchestrate
campagne di
disinformazione. Ciò
non ha impedito che i
fatti emergessero
comunque, e che in

tutto il mondo enti
privati di ricerca
svolgessero in
collegamento fra loro
una capillare attività
per chiarire la
questione a dispetto
del silenzio ufficiale.
Ma oggi lo scenario è
mutato. Sono ormai
emersi a livello
internazionale dati,
documenti e conferme

schiaccianti che non è
più possibile
continuare a ignorare
in nome dell'ordine
pubblico e del timore
di non saper gestire la
conferma che siamo
visitati da esseri
extraterrestri a noi
superiori. L'Autore di
questo libro, che
segue il problema da
protagonista a livello

mondiale e nelle sedi
più idonee, ha
spietatamente riunito
in un unico,
ponderoso rapporto le
prove documentarie
ufficiali e ufficiose
delle presenze aliene
che si manifestano
periodicamente sul

For those of us who have always been fascinated by the unexplained—or inadequately explained—secrets and mysteries of this world, Sylvia Browne now brings her great insight. Using a combination of information from her

Page 86/95

spirit guide Francine
as well as her own
incredible psychic
powers, Sylvia
augments current
scientific research to
provide us with
detailed explanations
about seeming
inexplicable concepts.
From the Great
Pyramid to
Stonehenge, Sylvia

reveals amazing facts about some of the world's most mysterious sites. The truth behind sacred and controversial objects such as the Shroud of Turin and the Holy Grail are brought to light; and fascinating and mystifying topics such as crop circles, the

Lost Continent of
Atlantis, UFOs, Easter

more are examined
and clarified. Sylvia
tears away the obscure
