

New Light On Vernacular Architecture

~~11 Vernacular Building
Techniques That Are
Disappearing ...~~

Vernacular architecture is not chosen but dictated by the natural occurrence of materials suitable for construction, such as the beds of London clay that led to brickwork's ubiquity. The new London vernacular is an intellectual, combining construction tradition and the capital's most popular urban design, the Georgian.

The sustainable, eco-friendly and purpose-driven approach of vernacular African architecture has been ignored and under-appreciated by traditional Western architects for years. And as it begins to disappear, projects such as those by Franco Frescura, Joyce Myeza and Jon Sojkowski are more important than ever.

Vernacular architecture is, by its definition, aim and structure, the most integrated architectural form in communion with the environment. ... This work focuses on the new alternatives and ...
