**This book taught  
me**

*Page 139/141*

thermodynamics  
so well.  
Concepts which I  
thought were  
confusing are  
actually simple.  
The theoretical  
explanation is  
brilliant. After  
reading this I  
even thought of  
choosing thermal  
field as my  
career choice,

*Page 140/141*

**which was  
mechanical  
design before.  
But actually,  
thermodynamics  
is used in so  
many branches of  
engineering.**
