

Time And Money Flash Cards Brighter Child Flash Cards

Here is Quick Flash in action! A flash card will pop up and you will enter the answer using the keypad. If you enter the correct answer, a green box will be stacked on the left side of the card. If you answered the problem incorrectly, a red box will be stacked on the right side of the card. Each flash card will pop up 3 times during each level.

Money has time value in that individuals value a given amount of money more highly the earlier it is received. Therefore, a smaller amount of money now may be equivalent in value to a larger amount received at a future date. The time value of money deals with equivalence relationships between cash flows with different dates.
